Organisation address	<input type="text"/>	
Organisation postcode	<input type="text"/>	* (required)

Sign up

Welcome! You have signed up successfully.

This account has not yet been approved for access to CancerStats.

To request approval, please complete the following form and click "Submit". We will then send an email to your primary email address asking you to confirm the details in a reply.

A member of the CancerStats administration team will then be asked to validate your details and approve your access to the CancerStats data.

Reason for wanting access *

SACT dataset

Example 1: For uploading data

Example 2: For regimen mapping

How did you hear about CancerStats

CancerStats administrative contact (if known)

* Required field

Declaration

☐ I hereby request access to the Cascade system, which provides detailed cancer incidence, mortality and survival data.

☐ I confirm that I understand the nature of the data to which I will have access, and the responsibilities that access to these data places on me.

☐ I understand that unauthorised disclosure of identifiable or potentially identifiable data will result in personal liability, and may be in breach of the Data Protection Act 1998.

☐ I undertake to act within the confidentiality policy of my employing organisation, within the confidentiality policy of the organisation hosting the Cancer Analysis System (NCRS and PHE), and within the UKACR policies on data disclosure.

Submit

Important Step: Please ensure you identify that you require access to:

- A. SACT dataset
- B. Your Role
